

# INDEX

*Names of contributors are set in small capitals*

- A primitive ornithology, 224  
Aboriginal rock engravings in Mosman garden, 202  
*Acacia*, 219  
Adaptations of seashore animals, 44  
Adaptive convergence in Australian reptiles, 314  
Adaptive radiation of trapdoor spiders, 160  
Aganippini, 160  
*Agathis*, 219  
Allan, Miss Joyce, retires, 88  
*Amoria*, 23  
Ancient reef-building coral, 96  
Ancient armoured fishes discovered at Canowindra, N.S.W., 37  
Ancient seas of Australia, 105  
*Anguilla*, 89  
*Anseranas semipalmata*, 348  
Antarctic: Birds, 261; Continent, 246; mineral possibilities of, 252; Seas, teeming life in, 268; whales and the, 264  
Antarctica—a vital link in the International Geophysical Year, 241  
Ant-eater, banded, 284  
Ant-eater, New Guinea, 298  
*Antechinus flavipes*, 122  
Ants, observing in artificial nests, 355  
Apology for snakes, 143  
*Aprasia*, 315  
Aquarium, freshwater, 367  
Archaeologist in western N.S.W., 145  
Armoured fishes, 37  
Australia: ancient seas of, 105; Peopling of south-eastern, 115  
Australian birds, 126  
Australian birds, nesting seasons of, 369  
Australian flowering plants, 109  
Australian geckoes, 343  
Australian insects, 129  
Australian mammals, 121  
Australian Museum, activities of, 156  
Australian plague locust, 209  
Australian prawn industry, 321  
Australia's fiery rain, 182  
Australites, 182
- Banded ant-eater, 284  
Bandicoot, 121, 123, 124  
"Barking" crayfish, 52  
Barrier Reef, Great, 132  
Bent-wing moth, 131  
Bird life of Warrah and the north Hawkesbury, 11  
Bird of Paradise, ribbon-tailed, 68  
Birds: Antarctic, 261; Australian, 126; Australian, nesting seasons of, 369; Migration in Australian, 59; New Guinea, 394  
Black-faced cuckoo-shrike, 59  
Black-rumped double-bar, 370  
Black swans, 210

## CONTENTS

No. 1, MARCH, 1956

	PAGE
Field Trip to North-western New South Wales .....	R. O. CHALMERS 3
Exploring Between Tidemarks. (I): Zonation .....	ELIZABETH C. POPE and PATRICIA M. McDONALD 5
Bird Life of Warrah and the North Hawkesbury .....	ALLEN KEAST 11
The Races of Man in Oceania .....	FREDERICK D. MCCARTHY 16
Collecting and Preserving Insects and their Allies (contd. from page 391 (December, 1955, Vol. XI) .....	A. MUSGRAVE 21
Collectors' Items: Volute Shells of the Genus <i>Amoria</i> .....	DONALD F. McMICHAEL 23
Sponge, Plant or Primitive Vertebrate? A Fossil Organism of unknown Affinities .....	H. O. FLETCHER 27
The Story of Galaxias .....	GILBERT P. WHITLEY 30
Notes and News Items .....	15, 26, 34

## CONTENTS

413

	PAGE
No. 2, JUNE, 1956	
Ancient Armoured Fishes discovered at Canowindra, N.S.W. ....	H. O. FLETCHER 37
Introducing Frogs and Toads .....	J. R. KINGHORN 40
Popular Science Lectures: 1956 Series .....	43
Exploring Between Tidemarks. (II): Adaptations of Seashore Animals .....	44
ELIZABETH C. POPE and PATRICIA M. McDONALD	44
A "Barking" Crayfish .....	FRANK McNEILL 52
The Races of Man in Oceania (contd. from page 20) .....	FREDERICK D. MCCARTHY 54
Migration in Australian Birds .....	ALLEN KEAST 59
Nature's Contrasting Moods West of the Darling .....	R. O. CHALMERS 65
Notes and News .....	67
No. 3, SEPTEMBER, 1956	
Fungal Life .....	N. H. WHITE 71
"Caroline", the Fluttering Shearwater, Comes Ashore .....	ALLEN KEAST 75
Some Ancient Bugs .....	J. W. EVANS 78
Nature Quiz .....	81
<i>Trigonia</i> —A Living Fossil .....	DONALD F. McMICHAEL 82
Book Note .....	84
Meteorites and the Earth .....	J. F. LOVERING 85
Miss Joyce Allan retires .....	88
Life History of the Freshwater Eel .....	G. P. WHITLEY 89
Notes and News .....	94
An Ancient Reef-building Coral .....	H. O. FLETCHER 96
Exploring Between Tidemarks. (III): Seashore Animals and their Feeding .....	98
ELIZABETH C. POPE and PATRICIA M. McDONALD	98
No. 4, DECEMBER, 1956	
The Ancient Seas of Australia .....	CHARLES F. LASERON 105
Films for School Children .....	108
Australian Flowering Plants .....	WINIFRED M. CURTIS 109
Book Review .....	114
The Peopling of South-eastern Australia .....	NORMAN B. TINDALE 115
Australian Mammals .....	A. G. LYNE 121
Retirement of Mr. J. R. Kinghorn .....	125
Australian Birds .....	ALLEN KEAST 126
Australian Insects .....	J. W. EVANS 121
The Great Barrier Reef .....	W. STEPHENSON 132
No. 5, MARCH, 1957	
A Kennel of Frogfishes .....	G. P. WHITLEY 139
Nature Quiz .....	142
An Apology for Snakes .....	C. W. BRAZENOR 143
An Archaeologist in Western New South Wales .....	FREDERICK D. MCCARTHY 145
Oil in Australia .....	L. OWEN 150
Casting a Fish in Plaster .....	ROY D. MACKAY 153
The Museum .....	156
Adaptive Radiation of Trapdoor Spiders .....	BARBARA MAIN 160
Exploring Between Tidemarks. (IV): Some Animal Communities of Rocky Shores .....	164
ELIZABETH C. POPE and PATRICIA M. McDONALD	164
Book Reviews .....	170
Notes and News items .....	155, 159
No. 6, JUNE, 1957	
Pioneering in Conchology .....	J. HOPE MACPHERSON 173
The Coucal or Swamp-Pheasant .....	K. A. HINDWOOD 176
Australia's Fiery Rain .....	W. A. CASSIDY 182
The Kangaroo Family: Brush Wallabies .....	ELLIS TROUGHTON 186
Nature Quiz .....	193
Photographs Minus Backgrounds .....	HOWARD HUGHES 194
Notes and News .....	195
Exploring Between Tidemarks. (V): Hints to Shore Explorers .....	196
ELIZABETH C. POPE and PATRICIA M. McDONALD	196
Aboriginal Rock Engravings in a Mosman Garden .....	FREDERICK D. MCCARTHY 202
Book Review .....	204
Popular Science Lecture .....	204
No. 7, SEPTEMBER, 1957	
The Causes of Locust Outbreaks .....	K. H. L. KEY 207
Monarch of the Lakes .....	ALLEN KEAST 210
Frogs of the Sydney Region .....	JOHN A. MOORE 212
Museum Preparators' Conference .....	216

Whence Australia's Mantle of Green? .....	EDMUND D. GILL	217
Nature Quiz .....		220
Some Huntsman Spiders .....	A. MUSGRAVE	221
Book Reviews .....		223
A Primitive Ornithology .....	RALPH BULMER	224
